

2021 Proposed Resolutions

As Submitted by the Education Policy Committee
October 11, 2021

Additions are underlined and highlighted yellow;

Deletions are ~~struck-through and highlighted blue~~

A-6: Student Assessment

MSTA OPPOSES:

9. Statewide student assessments and punitive measures against school districts, educators, and funding during any pandemic or long-term closure

Rationale:

Teachers should have the ability to maximize learning time if there is an event in a school that limits student learning.

B-6: Federal Support of Public Education

MSTA OPPOSES:

1. State restrictions or limitations placed on any federal relief funding for public education that go beyond federal rule or law

Rationale:

Funding approved from the federal government should be used as quickly and efficiently as possible to meet the needs of students, teachers and districts.

C-3: Professional Salaries

MSTA SUPPORTS:

11. Districts clearly outlining in writing the years of service counted, and education credits accepted, as well as the placement on the salary schedule for new employees prior to any contract offering

Rationale:

When education employees are making decisions regarding employment, there must be clear direction from districts on what salaries and benefits will be offered in a contract.

C-4: Career Ladder

MSTA SUPPORTS:

1. ~~Reinstate~~ Reinstating state ~~full~~ funding of the program

Rationale:

State funding is vital to restart the career ladder program to support Missouri students and teachers
